About us

An independent not for profit organisation founded in 1905, we are funded entirely by our membership. Being independent means we can effectively lobby to make Kingston a great place to do business.

As the business hub of the Borough of Kingston, the Chamber is integral in creating a thriving local business environment. We offer the local business community a voice through our extensive network of local stakeholders such as the Kingston Council, Kingston First, local MPs, KVA and large employers.

We help open the door to new business opportunities, whether it's networking at our well attended and popular events or marketing opportunities through our extensive communication channels.

Don't just take our word for it, this is what our members say:

“ In a short space of time I felt welcomed, included and above all have made some special friends and met some amazing and talented business owners in and around Kingston Borough and beyond... So if anyone is thinking about joining, **just do it**, you will not regret it!”
